Portfolio: <https://kreesh-ma.github.io/portfolio/>

PROFESSIONAL SUMMARY

MCA graduate (CGPA 9.09) with a strong foundation in Python, Django, and MySQL, and hands-on experience building a secure, full-stack biometric web application. Skilled in OpenCV-based computer vision, relational database design, and AI-assisted development workflows. Published researcher (IJSART, 2026) and a quick, independent learner focused on writing clean, production-ready code.

TECHNICAL SKILLS

- **Programming:** Python, C, C++, Object-Oriented Programming
- **Web Development:** Django, ASP.NET, HTML5, CSS3
- **Machine Learning & Computer Vision:** scikit-learn, NumPy, pandas, OpenCV (face recognition)
- **Databases:** MySQL — schema design, queries, encryption
- **AI & Automation:** Prompt-driven development, Google AI Essentials, Google Prompting Essentials
- **Tools:** VS Code, Git & GitHub

ACADEMIC PROJECTS

E-Voting System Using Face Recognition

2026

Python · Django · MySQL · OpenCV

- Developed a secure e-voting web application using OpenCV face recognition (Haar Cascade for detection, LBPH for identification) to authenticate voters and prevent impersonation and duplicate voting.
- Designed a MySQL backend with AES / SHA-256 encrypted credentials, session management, and role-based access control for admin and voter roles.
- Research published in *IJSART*, Vol. 12, Issue 4 (April 2026) — Paper ID IJSARTV12I4105082.

Farmer Web Assistant – Item Sales System

2024

ASP.NET · MySQL

- Built an agricultural e-commerce platform enabling farmers to list, manage, and sell produce directly to buyers.
- Implemented order processing and backend database integration using ASP.NET and MySQL.

EDUCATION

Master of Computer Applications (MCA) — CGPA 9.09

2024 – 2026

Mohamed Sathak Engineering College, Kilakarai · Anna University

B.Sc. Information Technology — CGPA 6.5

2021 – 2024

Fatima College, Madurai · Madurai Kamaraj University

CERTIFICATIONS

- Google AI Essentials & Google Prompting Essentials (Coursera); Foundation Course on AI Readiness (IICT AI Skills House); Yuva AI for All (NASSCOM FutureSkills Prime).
- Python & SQL for Data Science (Scaler); DBMS, AI & Python for Data Science (Infosys Springboard); Data Structures & Algorithms (ExcelR).
- Responsive Web Design (freeCodeCamp); PHP & MySQL (Spoken Tutorial, IIT Bombay).

VIRTUAL JOB SIMULATIONS (FORAGE)

- **Software Engineering – Wells Fargo:** Data modeling and software-engineering workflow tasks (Jun 2026).
- **Cybersecurity Analyst – Tata:** IAM strategy assessment and platform integration (Jun 2026).
- **Technology – Deloitte:** Practical coding and development tasks (Jul 2026).

ADDITIONAL STRENGTHS

- Clear, confident written and verbal communication in English.
- Strong analytical problem-solving and troubleshooting; fast, independent learner comfortable adopting new frameworks, APIs, and tools.
- Regularly assists classmates with project documentation and seminar preparation.
